Sarah Dubois
Interim Assistant Principal

Dear Families,

This summer, our school district will offer students, free of charge, a fun, exciting, and academic approach to learning called *Summer Learning Academy*. Make no mistake about it, not only will our summer program be FUN for kids, it will also provide an opportunity for students to experience over 48 hours of academics during the summer months. This academic time will give students the chance to review and apply previously learned skills and knowledge as well as prepare for the school year ahead. *Summer Learning Academy's* extraordinary educational goals are comprised of academic courses with hands-on instruction centered in reading, language arts, and math.

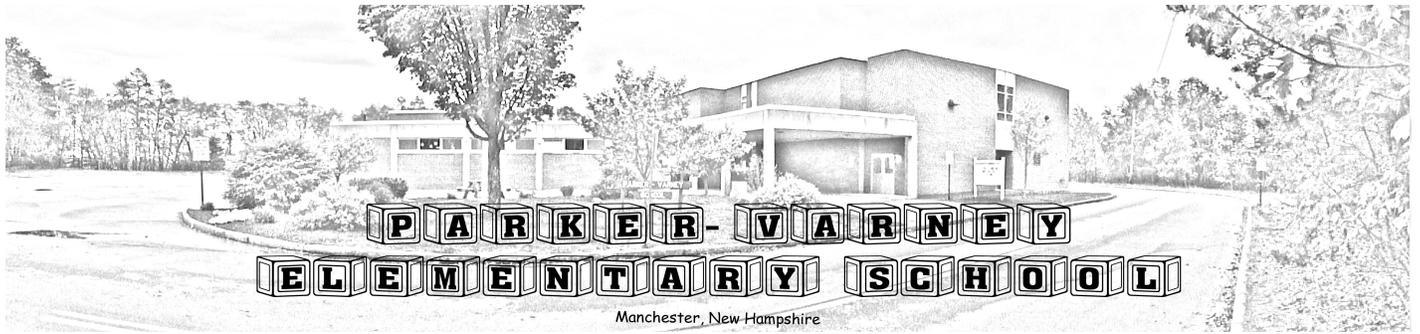

While the academic courses will be relaxed in format—no homework or tests for grades—Summer Learning Academy offer hands-on exploration and discovery with high-interest activities that will engage students in fun ways . . . they may not even realize they are learning! Topics for the four weeks include Bridges and Buildings, Around the Worlds, Jungle and Oceans.

If you are the parent or guardian of a child who will be entering kindergarten in fall 2018 through grade 4, I strongly encourage you to consider enrolling your child in *Summer Learning Academy*. We are hopeful that when these young students meet their teachers, fellow students, and our staff during the summer, they are eager to return in the fall and find that “first day of school” experience to be a positive one.

Who should attend Summer Learning Academy? Everyone. Simply put, it’s good for kids. Look at the information enclosed. You’ll be glad you did!

Sincerely,

Mr. Beaulac

Michael Beulac
